LUCAS RAFAEL PERES**Associate****Experience**

Lucas acts in the financial and capital market law practices with focus on fintechs and investment funds. He advises several clients on financial market's regulatory matters, as well as on the structuring of innovative financial products and solutions as well as structured investment funds (FIP, FIDC e FII), debt securities issues and public offering of securities. He also assists clients on the setup of regulated entities such as broker-dealers, regulated fintechs (SCD and SEP), payment institutions, asset managers and investment advisors. He has also experience on structuring offshore vehicles, including for investment in crypto assets, and on M&A transactions involving financial institutions, investment managers and other entities subject to CVM and Central Bank regulation.

Education

LL.B, Universidade Federal de Goiás (2015).
